

## The ideology of the publication

Pro Life Journal is unwavering in its commitment to the total elimination of abortion. All content must align with this belief and reflect our dedication to protecting the sanctity of life from conception to natural death. While we welcome diverse perspectives within the pro-life community, our publication does not officially endorse anything that falls short of this commitment. We ask that you be mindful of this in your writing.

## Originality

All submissions must be original work created by you. The use of AI, and plagiarism, the act of using someone else's work without proper attribution, is strictly prohibited. This includes copying and pasting text from other sources, paraphrasing without acknowledgment, and failing to cite sources appropriately. **We use plagiarism and AI/ChatGPT detection tools to ensure the integrity of our content.** If you use quotes or reference other works in your article, please include a link to the source near the relevant detail so that we can add a hyperlink in your article.

Example: *"In a historic milestone, Arkansas reported zero abortions in the year 2023. [www.healthy.arkansas.gov/images/uploads/pdf/Induced\\_Abortion\\_2023\\_vital\\_stat.pdf](http://www.healthy.arkansas.gov/images/uploads/pdf/Induced_Abortion_2023_vital_stat.pdf)"*

Originality not only ensures the credibility and quality of our platform but also upholds the trust of our community.

## What we are looking for

Most of our contributors write opinion articles, or op-eds. If you are interested in being a more frequent contributor, simple news articles on current events are appreciated. Whether it's covering recent legislation, or analyzing trends, your contributions help shape the conversation around our core mission.

## Submitting an article

Before you start writing, please inform a team member about the topic you intend to write about. **Article ideas are subject to approval** for legal, ideological and logistical reasons. Clear communication with our team will streamline the process and help maintain a high standard of quality for our community.

Once you have finished writing, submit your article via email in the email body, or in a rich text file such as .RTF or .DOCX. **Please do not submit PDFs or links to online word processors.**

**If you have any questions, feel free to ask a team member.  
Thank you for contributing to Pro Life Journal!**
